DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Joel Youngs on August 22, 2007.

The application has been amended as follows:

Claim 12, line 1, please replace "11" with –10–.

Claim 12, line 1, please insert the word –also– after "output is" and before "configured to".

Claim 26, line 2, please insert the word –also– after "output is" and before "configured to".

Allowable Subject Matter

2. Claims 1-5, 7, 9-10, 12-20, 22-24 and 26-29 are allowed.

3. The following is an examiner's statement of reasons for allowance:

Claims 1 and 17 recite among other features "transmitting said even bits and said odd bits over a New Analog Video Interface (NAVI)". Claims 10 and 24 recite among other features "encoded digital video data, wherein said output is configured to communicatively couple to a New Analog Video Interface cable". The New Analog Video Interface (NAVI) is described in more detail in U.S. Applications 10/186,864 and

10/188,194 and is incorporated by reference as background material by the current application. In the above mentioned applications, a NAVI cable uses a similar standard as the VGA. However, pins four and eleven, which are optional in the VGA standard, are now used for a Clock Enable Line (pin 4) and a Pulse Enable Line (pin 11). The Clock Enable Line determines whether the original Horizontal Sync clock is used or pixel clock signal. The Pulse Enable Line allows for synchronization of the ending and the beginning of a horizontal line time and/or a vertical frame using negative-going pulses.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
